Dear Dr. Henney,	20USA
I am writing to express my content over the FDA's regulation of genetically Engineered (GE) food. I request that the agency's current policies be changed, and I support all the points in docket #00P 1211 (FP)	5990
All GE foods should be labeled so I am informed and have a choice.	Commissioner Jane Henney
"GE foods should not be assumed to be?" 7 "generally recognized as safe" and should have mandatory pre-market safety testing	Docket No.00P <sub>2</sub> 1211\CP1 FDA Dockets Management Brane (HFA-305)
There should be a moratorium on GE foods until long-term studies show they are safe for human health and the environment.	5630 Fishers Lane, Room 1061 Rockville MD 20852
